Service Department

Our technical service department is made up of qualified technicians who provide full service repair and calibration on most of the products we sell.

Contact us for our rates!

514-354-2511

Below are a few examples:

Repair

- Water Level Indicators
- pH Meters
- Oxymeters
- Weather Stations
- Pocket PC's

Calibration

- Electronic Balances
- Gas Detectors
- Ovens and Furnaces
- pH Meters
- Thermo-Hygrometers
